Maribel

People could still hear us here... Hmm

Is that your way of refusing?

Have no fear Opal is here!

Cutie Barrier!

It's also impenetrable! No spells No shades! The perfect magical barrier from a perfect magical girl Heheh!

Hey... Before you run away... I-I... I really liked being your friend.

I-I wasn't... The most popular... Y-You were my only friend... in a long while...

But all good things come to an end... Sorry.

B-But... I-I dont want you to go! Y-You are my only friend!

B-Back when I was- Before I met Opal, I was a mess.... Thanks to her, I-I became what I am now.

Opal Aww...

If only Onyx was as supportive...

Did you just say Onyx!?

Maribel Yeah, ring a bell?

Opal

That explains a lot... Onyx and I... We were Magical Girls ourselves. However, While I enjoyed looking super cute "And having hands!" Onyx was... She was diferent.

She got corrupted by the very magic we wielded... Soon after she only worried about hurting those that had once bullied her Rather than battling the Shades.

Maribel

T-That's not what I signed for!!

Magical Girls that break their oath and fail to uphold their duty... Their souls get sealed within the weapons they once wielded.

Morgan

That's what I get for sitting without looking...

If only we had a way to break the contract...

T-That's it! The barrier it blocks everything right?!

Opal

Yeah... Why?

What if... What if Maribel breaks her oath while she is in the barrier?

Huh...

That's stu- That's... It cant be that easy... Right?
